What can you use Productivity Plus on?

Productivity Plus is a charge account through CNH. Use it at all CNH dealerships to pay for parts and service.

What if I'm not buying CNH parts?

That's fine! You can use Productivity Plus with any brands at the dealership. There's no fees or different rates if you buy non-CNH parts. However, most special offers and incentives require purchase of CNH parts or service.

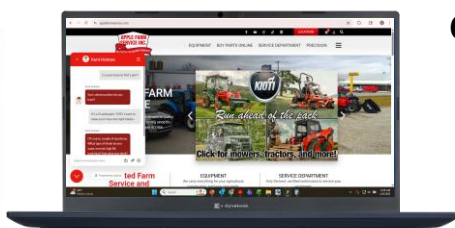

Can you use Productivity Plus with other specials?

Yes! You'll get our discounted parts during the Spring Part Sale, or any discounts offered by Apple Farm Service. Plus, when you use your Productivity Plus, you might qualify for no interest and no payments, or no interest with equal payments.

Who can get Productivity Plus?

Anyone can, whether you farm or not! Productivity Plus is available for farms, landscapers, construction, and even for non-business use.
